INSERT 1-1

SECTION 1. 13.101 (6) (a) of the statutes, as affected by 2007 Wisconsin Act 20,
is amended to read:

13.101 (6) (a) As an emergency measure necessitated by decreased state
revenues and to prevent the necessity for a state tax on general property, the
committee may reduce any appropriation made to any board, commission,
department, or the University of Wisconsin System, or to any other state agency or
activity, by such amount as it deems feasible, not exceeding 25% of the
appropriations, except appropriations made by ss. 20.255 (2) (ac), (bc), (bh), (cg), and
(cr), 20.395 (1), (2) (cq), (eq) to (ex) and (gq) to (gx), (3), (4) (aq) to (ax), and (6) (af),
(aq), (ar), and (au), 20.435 (6) (7) (a) and (7) (da), and 20.437 (2) (a) and (dz) or for
forestry purposes under s. 20.370 (1), or any other moneys distributed to any county,
city, village, town, or school district. Appropriations of receipts and of a sum
sufficient shall for the purposes of this section be regarded as equivalent to the
amounts expended under such appropriations in the prior fiscal year which ended
June 30. All functions of said state agencies shall be continued in an efficient
manner, but because of the uncertainties of the existing situation no public funds
should be expended or obligations incurred unless there shall be adequate revenues
to meet the expenditures therefor. For such reason the committee may make
reductions of such appropriations as in its judgment will secure sound financial
operations of the administration for said state agencies and at the same time
interfere least with their services and activities.

Donna Moore and Andy Forsaith:

1. Please note all of the following:

a. I have changed "allocate" to "award" in ss. 46.972 (2), 255.05 (2), 254.34 (1) (h) 5., stats., and have changed "allocate" to "distribute" in § 253.085 (2). Generally, "allocate" is interpreted to mean "earmark," rather than "award" or "distribute." We generally use "award" when referring to grants provided by the department, and "distribute" when referring to moneys provided by the department that are not grants. Okay? Note that I did not change the term "allocate" in ss. 252.10 (6) (g) and 253.07 (2) (b), stats.

b. There are several ****NOTES interspersed in the text of the draft; several of these ask questions that require your decisions.

c. I have included in this draft the renumbering of Section 9121 (6d) of 2007 Wisconsin Act 20 (the program to services to reduce fetal and infant mortality and morbidity in Racine county), to s. 253.16 of the statutes. This program is connected to the appropriation account under s. 20.435 (5) (eu). The provisions in Act 20 were not drafted in the statutes because they concerned a program that was time limited to fiscal years 2007-09. However, the Governor vetoed reference to the nonstatutory provisions to those specific fiscal years, in effect making the program ongoing. Our normal practice, when a program is originally created in nonstatutory provisions and then is funded for a second fiscal biennium, is to renumber the nonstatutory provisions into the statutes; since you have proposed renumbering the appropriation account, I have inferred that you intend that the program be funded for the coming biennium. Please review.

Donna Moore and Andy Forsaith:

1. The draft standardizes the language for the PR-S appropriations under s. 20.435 (1), (5), (6), and (7). Under current law, each of these appropriations purports to appropriate all moneys received from other state agencies and all moneys received by the department from the department. The draft amends these appropriations to make them unique. The draft does not amend the PR-S appropriations under s. 20.435 (2) and (4). Please let me know if you want to amend the PR-S appropriations under sub. (2) and (4). ✓
2. The drafting instructions in several instances called for repealing or renumbering one appropriation and creating a second appropriation using the same statutory unit as the repealed or renumbered appropriation, for example renumbering s. 20.435 (5) (ky) as (1) (ky), and creating a new (5) (ky). In such instances, this draft amends the existing appropriation, rather than renumbering it, and creates the appropriation that is intended to have a new statutory unit. In the example above, the draft amends s. 20.435 (5) (ky) and creates s. 20.435 (1) (ky). The draft also transfers the unencumbered balance in sub. (5) (ky) to (1) (ky). ✓
3. As we discussed, the draft amends all appropriations that simply provide a cross reference to s. 20.435 (9). ✓
4. Please review the language used to appropriate federal block grant moneys under the various paragraphs (mc), (md), and (me), as well as the language used to appropriate federal moneys for continuing programs under the various paragraphs (n), (na), and (nL). The language in the draft is based on current appropriations under s. 20.435 (9). It seems that block grants are frequently continuing programs so the appropriations of federal block grant moneys are not distinct from the appropriations of federal moneys for continuing programs. Does DHS view them as distinct, or should the (n), (na), and (nL) appropriations include exceptions to the (mc), (md), and (me) appropriations? ✓

Robin,

- ✓ 1. We have taken a hard copy of the draft and written any changes or addressed your notes on it as much as possible.
- ✓ 2. Sections 152 and 162 have multiple fiscal year award language; we are suggesting that these be cleaned up to award in each fiscal year.
- ✓ 3. Please add the following amended language change to the "reorg" draft.

(2) (bj) Competency examinations and treatment; conditional/and supervised release services. Biennially, the amounts in the schedule for outpatient competency examinations and treatment services; and for payment by the department of costs for treatment and services for persons released under s. 980.06 (2) (c), 1997 stats., s. 980.08 (5), 2003 stats., or s. 971.17 (3) (d) or (4) (e) or 980.08 (4) (g), for which the department has contracted with county departments under s. 51.42 (3) (aw) 1. d., with other public agencies, or with private agencies to provide the treatment and services.

DOT can abbreviate the title in the schedule

- ✓ 4. Please renumber the following language to Program 7.

(4) (gm) Health services regulation. The amounts in the schedule for the purposes specified in ch. 150. All moneys received under s. 150.13 shall be credited to this appropriation account.

no x-refs.

Cross References

- ✓ 5. We realize that we initially agreed to the deletion of appropriation cross references in the program chapters. However, after review by program staff, we are requesting that the program language retain the references to appropriation accounts in the following sections: 140, 141, 145, 148, 149, 150, 153, 157, 160, 161, 162, 169, 170, 171, 172, 173, 174, 175, 177, 183, 185, 187, 188, 191, 192, 193, 194, 195, 196, 197, 200, 201, and 205. 138
- ✓ 6. Section 172 - Language in 250.16(1) was unclear before. The amendment makes it equally unclear. Can it be modified to not say Wisconsin Women's Health Foundation, Inc. repeatedly?

Fiscal Changes Section

- ✓ 7. Should balances in all PR appropriations be addressed?
8. Should balances in all GPR continuing appropriations be addressed?
9. Should balances in all FED appropriations be addressed?

Is this language routinely included when appropriations change? We noticed that this type of language was not included in Act 20 when DCF was created. We would suggest that if these types of balances are not addressed for a reorganization across agencies that they would not need to be addressed in a reorganization within an agency.

Donna Moore and Andy Forsaith:

1. Please note all of the following:

a. I have changed "allocate" to "award" in ss. 46.972 (2) and 255.05 (2), stats., and have changed "allocate" to "distribute" in ss. 253.085 (2) and 254.34 (1) (h) 5. Generally, "allocate" is interpreted to mean "earmark," rather than "award" or "distribute." We generally use "award" when referring to grants provided by the department, and "distribute" when referring to moneys provided by the department that are not grants. Okay? Note that I did not change the term "allocate" in ss. 252.10 (6) (g) and 253.07 (2) (b), stats.

b. There are several ****NOTES interspersed in the text of the draft; several of these ask questions that require your decisions.

c. I have included in this draft the renumbering of Section 9121 (6d) of 2007 Wisconsin Act 20 (the program to services to reduce fetal and infant mortality and morbidity in Racine county), to s. 253.16 of the statutes. This program is connected to the appropriation account under s. 20.435 (5) (eu). The provisions in Act 20 were not drafted in the statutes because they concerned a program that was time limited to fiscal years 2007-09. However, the governor vetoed reference to the nonstatutory provisions to those specific fiscal years, in effect making the program ongoing. Our normal practice, when a program is originally created in nonstatutory provisions and then is funded for a second fiscal biennium, is to renumber the nonstatutory provisions into the statutes; since you have proposed renumbering the appropriation account, I have inferred that you intend that the program be funded for the coming biennium. Please review.

Donna Moore and Andy Forsaith:

1. The draft standardizes the language for the PR-S appropriations under s. 20.435 (1), (5), (6), and (7). Under current law, each of these appropriations purports to appropriate all moneys received from other state agencies and all moneys received by the department from the department. The draft amends these appropriations to make them unique. The draft does not amend the PR-S appropriations under s. 20.435 (2) and (4). Please let me know if you want to amend the PR-S appropriations under sub. (2) and (4).
2. The drafting instructions in several instances called for repealing or renumbering one appropriation and creating a second appropriation using the same statutory unit as the repealed or renumbered appropriation, for example renumbering s. 20.435 (5) (ky) as (1) (ky), and creating a new (5) (ky). In such instances, this draft amends the existing appropriation, rather than renumbering it, and creates the appropriation that is intended to have a new statutory unit. In the example above, the draft amends s. 20.435 (5) (ky) and creates s. 20.435 (1) (ky). The draft also transfers the unencumbered balance in sub. (5) (ky) to (1) (ky).
3. As we discussed, the draft amends all appropriations that simply provide a cross reference to s. 20.435 (9).
4. Please review the language used to appropriate federal block grant moneys under the various paragraphs (mc), (md), and (me), as well as the language used to appropriate federal moneys for continuing programs under the various paragraphs (n), (na), and (nL). The language in the draft is based on current appropriations under s. 20.435 (9). It seems that block grants are frequently continuing programs so the appropriations of federal block grant moneys are not distinct from the appropriations of federal moneys for continuing programs. Does DHS view them as distinct, or should the (n), (na), and (nL) appropriations include exceptions to the (mc), (md), and (me) appropriations?
